

CHALMERS

DIPLOMA SUPPLEMENT

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve international "transparency" and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information identifying the holder of the qualification

- 1.1 Family name(s): Wang
- 1.2 Given name(s): Xiaojuan
- 1.3 Date of birth (day/month/year): 10 August 1985
- 1.4 Student identification number or code (if available): 850810-7763

2. Information identifying the qualification

- 2.1 Name of qualification and (if applicable) title conferred (in original language): Teknologie masterexamen
- 2.2 Main field(s) of study for the qualification: See Degree Certificate/Official Transcript
- 2.3 Name and status of awarding institution (in original language): Chalmers tekniska högskola (private)
- 2.4 Name and status of institution (if different from 2.3) administering studies (in original language): Not applicable.
- 2.5 Language(s) of instruction/examination: English

3. Information on the level of the qualification

- 3.1 Level of qualification: Second cycle. For more information on higher education in Sweden, please see point 8, appendix 2.
- 3.2 Official length of programme: 120 credits (120 ECTS). The scope of the education is to be indicated in credits, with full time studies for a normal 40-week academic year corresponding to 60 credits.
- 3.3 Access requirement(s): Eligible for admission to studies within the advanced cycle is a person who holds a Degree of Bachelor in Science/Engineering /Architecture from an internationally recognized university. The degree must fulfill the requirements for eligibility to programmes within the advanced cycle according to the regulations in the Swedish Higher Education Ordinance. Applicants enrolled in a Master programme with no intermediate Degree of Bachelor must have completed at least four years out of a five year or longer Master programme.

4. Information on the contents and results gained

4.1 Mode of study: Full-time equivalent.

4.2 Programme requirements

Scope

A Degree of Master (120 credits) (120 ECTS) is awarded after the student has completed the courses required to gain 120 credits with a defined specialization determined by each higher education institution itself, of which at least 60 credits are for specialized study in the principal field (main field of study) of the study programme. In addition the prior award of a Degree of Bachelor, Degree of Bachelor of Fine Arts, professional or vocational qualification of at least 180 credits or a corresponding qualification from abroad is required.

The requirement of the prior award of a qualification may be waived for a student admitted to the programme without the basic entry requirement in the form of a qualification. This does not, however, apply if a waiver was granted during admission pursuant to the second paragraph of Section 28 of the Chapter 7 of the Higher Education Ordinance (1993:100) on the grounds that the qualification had not yet been issued.
